RATAU SAFARIS – Derived from two words – Ra, meaning respectfully mature male, and Tau, meaning Lion. Nothing resonates more than a robust Male Lion in the Kalahari, roaring and asserting his territory with gratitude. I am thankful to have been born in the Kalahari, growing up surrounded by nature and hunting, understanding the importance of co-existence and respect towards nature. This is our ethos – conducting honest and ethical business, aiming for perfection, while affording you the chance to experience the best of Africa and honoring the animals with a fair chase. Ultimately, it's about the holistic experience.
